The Wisdom of Bishop Fulton Sheen

November 11 *Even friendships are matured in silence. Friends are made by words, love is preserved in silence. The best friends are those who know how to keep the same silences.*

November 12 – *The rapidity of communication, the hourly news broadcasts, tomorrow's news the night before—all these make people live on the surfaces of their souls. The result is that very few live inside themselves. They have their moods determined by the world.*

November 13 – *Never before have men possessed so many time-saving devices. Never before have they had so little time for leisure or repose. Yet few of them are aware of this: advertising has created in modern minds the false notion that leisure and not working are the same—that the more we are surrounded by bolts and wheels, switches & gadgets, the more time we have conquered for our own.*
